EDUCATION

2021 - Current
**RAJSHAHI UNIVERSITY OF
ENGINEERING AND TECHNOLOGY**

- Bachelor of Science in
Telecommunication Engineering

2019 - 2021
DINAJPUR GOVT COLLEGE

- Higher Secondary
- GPA: 5.0 / 5.0

SKILLS

- Project Management
- Coding
- Teamwork
- Time Management
- Leadership
- Critical Thinking

PROFILE

A passionate tech enthusiast and innovative electronics project designer, I thrive on bringing ideas to life through circuits and code. Now, I embark on an exhilarating journey into the intricate world of Embedded Systems, delving deeper into the art of firmware development. Every pulse of a microcontroller and every seamless interaction between hardware and software fuels my curiosity, driving me to master embedded intelligence and real-time system design.

EXPERIENCE

Industrial Attachment 1ST MARCH 2025
of 5 days at SILICONOVA

- Explore how industries function, including workflows, production processes, and key operational requirements.
- Gain insights into Very Large Scale Integration (VLSI) technology, including chip design, fabrication, and applications in modern electronics.
- Analyze and maintain uniform branding across marketing channels and materials to ensure a strong and cohesive brand identity.

Finance Sectary 2025 - Presentt
of RUET IoT Club

- Served as the Finance Secretary of the RUET IoT Club and successfully organized a project showcasing event.

Active member of R&D team
of Islamic Society of RUET

- Contributed to research and development initiatives in the Islamic Society of RUET club, fostering innovation and knowledge sharing.
